## Company Information

We believe **technology improves navigation™**

Sealite is a global manufacturer of marine aids to navigation. The company is headquartered in Australia, with manufacturing and office locations in the United States, Singapore and the United Kingdom. The Sealite team is dedicated to servicing the marine industry through the efficient design and production of leading-edge products. Through close working relationships, maritime authorities and private customers around the globe now trust Sealite to enhance the safety of their operations. Sealite is committed to being environmentally responsible by providing clean, green, renewable energy sources with a minimal environmental footprint.
